DIVERSITY ALLIANCE - Mr. Bogunovic - Room 3013

Diversity Alliance is for all who consider themselves to be a little different, a lot different, or who like to hang out with those who are. It celebrates the diverse and encourages tolerance and understanding. Be there and be square, because we are Okay with that.

CHRISTIAN STUDENTS UNITED - Mr. Bogunovic and Mr. Anderson – Room 3013

Christian Students United exists to support and encourage C.S.S. Christians. Our purpose is to fellowship with one another so that we may strengthen each other for service to Jesus Christ, share the Gospel and reach out to C.S.S. with the love God has shown to us.

ENVIRONMENTAL CLUB - Connie Williams

Meet: Weds lunch - Fall (Sept - Nov) Spring (Feb - June)

AFRICAN RELIEF CLUB (ARC) & AFCAFE – Mr. Anderson – Room 3003

The African Relief Club that sponsors and operates the Af Caf (African Café) is one of the longest running clubs here at CSS. The club annually sports a membership of 35-40 + students and this year is no different. The focus of the club is to learn about, raise awareness of, and support the plight of homeless African children. Approximately 7 years ago the Club members decided to narrow the focus of their efforts to just two international projects in an effort to be able to make a bigger difference and to be able to forge a direct connection with the organizations and more importantly the children that they were trying to help. With that in mind the club decided to form a partnership with CSS alumnus Courtney Anderson and her foundation “The Wanted Children Foundation” work with orphaned and vulnerable children (OVC) in Nigeria West Africa. Her organization has been there for the past 14 years. They also partnered with an amazing Grandma from Abbotsford, Barb Giraud and her work with “Jaaja Barb’s Home for Angels” in Uganda Africa. The students are directly connected to what is happening in these to charities and are both amazed and amazing in their efforts to help out.

ENVIROTHON TEAM - Connie Williams

Meeting: Thursday 3 - 4 pm

MATH CLUB - Malcolm McFee - Room 3018 - Second semester

Math club is a fun and competitive activity that any student can participate in. Math is a subject full of creativity and opportunity that many students enjoy. The group meets once a week to solve challenging/fun math problems independently as well as collaboratively. Our overall goal is to improve problem-solving skills while preparing for Math Contests later in the year.

OUTDOOR CLUB – Martin Armstrong & Erin Gniwodda

There will be 5 major outings including a Manning Park Hike, Snowshoeing, kayaking and canoeing and more TBA. Dates for these events will be weather dependent and will be announced closer to the date. Listen for outdoor club meetings which will be held in Mr. Armstrong’s room.
