

The background of the slide is a golden-yellow color with a dense, repeating pattern of various currency symbols (dollar, euro, pound, yen) in a 3D, embossed style. The symbols are arranged in a way that creates a sense of depth and texture.

## Scholarship Information

### Scholarships 101

There is a lot of information out there about Scholarships and Bursary's. Sometimes it can be overwhelming and confusing to navigate all the different kinds. I have broken down Scholarships and Bursary's into four main sections. They are listed below and each one will guide you to a more detailed page.

### Provincial Scholarships

The program's purpose has been revised as follows: to recognize student achievement and encourage students to pursue post-secondary education

Under the revised program, all scholarships will be vouchers to be used upon registration and payment of tuition at a designated post-secondary institution.

### Financial Awards

These are donated from groups/organizations in your community. The Internals are decided upon by a group of teachers, counselors and administrators at the school level. The Externals are decided upon by the donating group or organization.

### On-line Scholarships

These are scholarships that are offered and advertised on-line. There are a many sites that do this. I have listed a few of the main ones. Deadlines vary and may be as early as October. Be careful to read the fine print.

### Post-Secondary Institution Scholarships

Most Post-Secondary schools have Scholarship Programs. It depends on the specific Institution but the majority offer an Entrance and a Guaranteed Scholarship. Look carefully at deadlines and amounts as they vary.

# Internal/External Awards

---

## Internal/External Awards

### Internal Awards

These financial awards are decided upon by a group of teachers, counselors and administrators at the school level. These financial awards are donated from groups/organizations in your community. These groups/organizations donate the funds. They do NOT want to decide who the student recipient is as they feel the staff knows the students the best. Winners will be kept confidential until Award Ceremonies on June 8, 2016.

### External Standard Awards (School Mails)

These financial awards are donated from groups/organizations in your community. THEY DECIDE which student is the award winner. Winners will be kept confidential until Awards Ceremony June 8, 2016.

### External Specific Awards (School Mails)

The organization has a specific application form and THEY DECIDE which student is the award winner. Do not use the CSS Standard Application.
